

XYLOCLEAF HPL

The XyloCleaf HPL (High Pressure Laminate) collection consists of 45 products in stock in the UK. The flexibility and hard-wearing properties of XyloCleaf HPL along with Italian design and texture combinations make it an ideal decorative solution for many projects - hospitality, hotel/leisure, office, residential, shopfitting/retail etc.

Sheet size: 3050x1300x0.8 mm
 Matching 1mm ABS edging: 22mm x 100lm roll
 56mm x 100lm roll

XyloCleaf HPL is manufactured in accordance with Standard EN 438-1 with its technical classification being HGS (Horizontal General purpose Standard) – suitable for horizontal and vertical use.

Also available in the UK is a XyloCleaf Panel collection that consist of 90 products.

Please note that the texture on the XyloCleaf HPL is not identical to the XyloCleaf Panels, and sometimes the colour might appear different. You can refer to the two separate catalogues of XyloCleaf HPL and Panels, to review the difference in the texture.
